Current position

Since September 30, 2019 PhD student at the University of Warwick
Mathematics Institute
Advisor: [Diane Maclagan](#)

Education

July 29, 2019 **Master's degree in Mathematics**
University of Catania, Summa cum laude
Advisor: [Marco D'Anna](#)

July 20, 2017 **Bachelor's degree in Mathematics**
University of Catania, Summa cum laude
Advisor: [Marco D'Anna](#)

December 18, 2020 **Diploma of Scuola Superiore di Catania**
Scuola Superiore di Catania, Summa cum laude
Advisor: [Ivan Martino](#)
Opponent: [Alicia Dickenstein](#)

Languages

Mother tongue **Italian**

Foreign languages **English** (IELTS 7.5)

Talks

April 22, 2021 [Graded algebras with cyclotomic Hilbert series](#), Graduate student meeting on Applied Algebra and Combinatorics, (virtually at) University of Copenhagen, Denmark

February 4, 2021 Tropical methods in toric intersection theory, Oberseminar Geometrie, (virtually at) University of Tübingen, Germany

November 20, 2019 [Cyclotomic Numerical Semigroups](#), Postgraduate Seminar, University of Warwick, UK

July 17, 2019 [Face poset and Grothendieck-Tutte polynomial of matroids over a domain](#), Algebra meets combinatorics in Neuchatel, Neuchatel, Switzerland

March 25, 2019 Arf property on quadratic quotients of the Rees algebra, Problem solving seminar, Stockholm University, Sweden

September 3 - 7, 2018 [A characterization of the Arf property for quadratic quotients of the Rees algebra](#), International Meeting on Numerical Semigroups (IMNS), Cortona, Italy

Attended conferences

- April 21-23, 2021 [Graduate student meeting on Applied Algebra and Combinatorics](#),
Online Conference
- March 19, 2021 [Birational Geometry and Thereabouts](#),
Online conference
- February 15 – March 5, 2021 [Research Encounters in Algebraic and Combinatorial Topics](#) (REACT),
2021 Online conference
- June 8 – July 24, 2020 [Algebraic and Tropical Online Meetings](#) (ATOM), Online conference
- June 1-5, 2020 [Warwick Macaulay 2 Workshop](#), University of Warwick, UK Online
conference
- December 6, 2019 [Tropical Differential Algebra Workshop](#), Queen Mary University of
London, UK
- December 2-4, 2019 [Einstein Workshop on Polytopes and Algebraic Geometry](#), Freie
Universitat Berlin, Germany
- July 15-17, 2019 [Algebra meets combinatorics in Neuchatel](#), Neuchatel, Switzerland
- September 3 - 7, 2018 [International Meeting on Numerical Semigroups](#) (IMNS), Cortona, Italy
- May 31 - June 4, 2017 [Encounter in Topology and Algebra](#) (ET'nA), Catania, Italy

Scientific production

- June 12, 2018 “A characterization of the Arf property for quadratic quotients of the Rees
algebra”, [Journal of Algebra and Its Applications](#),
[arXiv:1806.04448](#)
- January 29, 2019 “Patterns on the numerical duplication by their admissibility degree”,
[Numerical Semigroups - Springer INdAM Series](#),
[arXiv:1901.10571](#)
- September 1, 2019 “Set of independencies and Tutte polynomial of matroids over a domain”,
with [Ivan Martino](#),
[arXiv:1909.00332](#)
- May 19, 2020 “Graded algebras with cyclotomic Hilbert series”, with [Alessio D’Alì](#),
[Journal of Pure and Applied Algebra](#)
[arXiv:2005.09708](#)
- January 21, 2021 “Cyclotomic numerical semigroup polynomials with few irreducible
factors,”, with [Andrés Herrera-Poyatos](#) and [Pieter Moree](#),
[arXiv:2101.08823](#)
- April 14, 2021 “Weierstrass sets on finite graphs”,
[arXiv:2104.07121](#)

Teaching

- Winter 2021 Teaching assistant for the course [Rings and Modules](#),
University of Warwick

*Fall 2020 Teaching assistant for the course [Algebraic Curves](#),
University of Warwick*

Visits

March 7- June 5, 2019 Research period at the [KTH \(Stockholm-Sweden\)](#) under the supervision of [Ivan Martino](#), supported by the [Scuola Superiore di Catania](#).

Outreach

Second Edition: Lecturer (second edition) and organizer (third and fourth edition) of the
April 22-24, 2016 [Stage of Mathematical Olympiad](#) at the [Scuola Superiore di Catania](#)
Third Edition:
April 20-23, 2017
Fourth Edition:
April 19-22, 2018
